OBJECTIVE

Seeking a challenging software engineering position where my technical proficiency, problem-solving skills, and passion for innovation can be utilized to contribute to diverse projects. Dedicated to collaborating within a dynamic team environment, leveraging strong analytical abilities and a commitment to delivering high-quality, scalable solutions to drive technological advancement and achieve organizational goals.

EDUCATION

Full Stack Coding Bootcamp | Northwestern University

2023

Completed rigorous 13-week immersive program covering front-end and back-end development technologies. Hands-on experience in building responsive web applications and understanding database management.

BA Liberal Arts | Moorhead State University

1995 - 2001

Courses included Accounting, Business Administration, Marketing, Cell Biology, Zoology, Genetics, Micro Biology, Organic Chemistry, In-Organic Chemistry and Calculus.

EXPERIENCE

Sr. Home Lending Advisor CPC | Chase

Feb 2015 - current

In addition to the responsibilities of a mortgage loan officer, coordinated with a team of personal bankers, financial advisors, and business bankers to construct and implement complex and wholistic plans to meet clients short- and long-term financial goals.

Sr. Loan Officer | Stearns Lending, Inc.

Jul 2003 – Feb 2015

Advised clients on mortgage options, rates, and terms, resulting in tailored solutions for diverse financial needs. Evaluated financial backgrounds and documentation to determine eligibility and secure optimal loan approvals. Cultivated strong partnerships with industry professionals, contributing to a consistent lead pipeline.
